Objectives & labour split

1. Ship a playable Godot game in 24 hours — every team leaves with a running scene.
2. Use paid Ziva Basic as a Godot teammate, not as the designer — human finish.
3. Cross-club recruitment — both clubs sign people up; beginners pair with shippers.
4. Foundations: untapped (AI in Godot overnight), workflow (a real jam), human finish.

Logistics, Risk & Compliance

- Room booking coordinated exclusively by the SECC. Game Dev logistics lead files through them.
- Risk: medium. Indoor, no alcohol, no sport — after-hours, fatigue, food, laptops. Written exec roster; PEO or deputy always on site.
- After-hours with SECC and Campus Security. Occupants staying after facility hours listed. Booked work session, not an unsanctioned sleepover. Quiet hours 01:00–06:00.
- Food only through Curated Catering via SECC, using the attached campus menu cards. Dietary needs on RSVP. Drops 9:30, 12:30, 18:30, 00:00, 08:00.
- A/V returned after Sunday teardown (~13:00). Attendance list signed. Posters tabloid 11×17, Saitsa Clubs logo unaltered, $10 built-in.
- Disclose the 50/50 sister-club contribution. No spend before approval. Unused grant (including unspent security) is reclaimed.
- Ziva Basic is one month of event access, then cancelled — not a member gift. Do not buy Cursor for the room.

Promotion Plan

- Posters on Saitsa General Poster Boards (approved submission first).
- Both clubs' Discord, Instagram, Teams, and Rubric RSVP. Cap 50; waitlist after that.
- Clubs Fall Expo / Showcase (13–14 October 2026) if the jam is after it.
- Pitch: Godot + Ziva Basic, 24 hours, doors Saturday 9:00, meals included, beginners welcome.
