STUDENT CLUB · EDUCATIONAL WORKSHOP · FALL 2026

AI AGENTS WHAT? HOW? USE.

Official title · AI Agents: What? How? & Learning to Use Them

no prior experience required

Purpose: a friendly two-hour workshop that demystifies AI agents for a **non-technical** audience. Chatbots answer. **Agents act.** No prior experience — every attendee leaves having used an AI agent for a real task.

LOOP 01

PERCEIVE

Notice the task, the files, the question. An agent starts by taking in the world around the prompt.

LOOP 02

DECIDE

Pick a next useful step. Unlike a chatbot, it plans — then chooses a tool instead of only talking.

LOOP 03

ACT

Call a tool, check the result, repeat. Limitations and risks stay on the table the whole time.

RUNTIME

2 HR

01 · 15 min

WELCOME

Club intro, Learn pillar, new member sign-ups.

02 · 30 min

WHAT IS AN AGENT?

Chatbot vs agent, everyday examples, live demos.

03 · 30 min

HOW THEY WORK

The loop, tools, limitations, and risks.

04 · 30 min

HANDS-ON

You use an agent for a concrete SAIT task.

05 · 15 min

Q&A

Open discussion. Bring the conflicting feelings.

HANDS-ON · PICK A REAL TASK

- **STUDY** Turn a syllabus into a study plan
- **RESUME** Draft with a human finish
- **PROJECT** Automate one recurring assignment

LEARN PILLAR · ALL PROGRAMS

LEAVE HAVING USED ONE

Accessible, practical, and social for the whole SAIT community. Fold it into Tuesday — not into a demo.
