AI AGENTS
WHAT? HOW? USE.

Official title · AI Agents: What? How? & Learning to Use Them

Purpose: demystify AI agents for a non-technical audience. Chatbots answer. **Agents act. No prior experience** — leave having used one.

NODE 01
PERCEIVE
See the task, the files, the question — more than the chat window.

NODE 02
DECIDE
Plan a next useful step. Choose a tool instead of only talking.

NODE 03
ACT
Call the tool, check the result, loop. Keep a human finish.

AGENT
A net of tools, not a chatbot.

LIMITS
It drifts. Stay in the loop.

HALT
If it improvises, freeze it.

RESTART
Rewrite. Run the loop again.
